Rivers and Harbor Act

Wetlands and navigable waters are not approved dumping grounds.

Clean Water Act, Sections 401 and 402

Protect the state's water quality! Water Quality Certification (Section 401); Discharge pollutants from a point-source (such as a pipe, well, or ditch) into navigable waters? CWA Section 402 Discharge permit

Coastal Zone Management Act

If it's near the state's coastline... better get approval!

National Environmental Policy Act

Any chance that you could significantly affect the environmental quality?...better write an environmental impact statement.

Clean Water Act, Section 404

Dredging or filling in wetlands? Get a Clean Water Act, Section 404 permit from the U.S. Army Corps of Engineers.

Endangered Species Act

Any chance your project might be tampering with the habitat of a federally endangered or threatened species? You'd better visit the U.S. Fish and Wildlife Service or National Marine Fisheries Service.

Wild Resource Conservation Act

Any chance your project might be tampering with the habitat of a state endangered or threatened species? You'd better visit the DCNR...the Fish Commission or Game Commission.
